REQUEST FOR PRICING

Contract Number: BSCC 06/16

The Belau Submarine Cable Corporation hereby requests you to submit a quotation for the following works:

Ngaremlengui Civil Works: required to support the landing of a fibre optic submarine cable at Ngaremlengui, Palau. These Civil Engineering works are associated with the Site, Building Foundations, Beach Manhole (BMH), Diesel Generator & Fuel Cell foundation, Landscaping and Fencing, Microwave Tower foundation and front haul cable trench between the Ngaremlengui Landing point and the submarine cable landing station.

To assist in the preparation of your price quotation, the necessary specifications, bill of quantities and drawings, form for submitting the quotation and a draft contract form are available to prospective bidders upon request. You are advised to visit the site of the works at your own expense, and obtain necessary information for preparing your quotation.

Tenders close at 12:00pm Palau Standard Time (GMT +9h00) 10th January 2017.

If you are interested in submitting a price for these facilities, please contact the following:
